What Clients and Participants Are Saying

*I attended Rochelle's workshop and was blown away by the experience! Not only is Rochelle an accomplished professional speaker, but also a great teacher. Rochelle helped all of us — from public speaking novices to seasoned professionals — expertly craft our presentations, practice some amazingly effective techniques to engage our audiences, and understand the importance of not letting the end of the presentation be the end of the relationship. **I am now completely confident I can deliver an engaging talk, I can — and want to — share my personal story, and I know how to effectively tell others about my products and services from the front of the room without being salesy.***

*I would get really nervous right before my presentations and sometimes stumble when I didn't deliver a "perfect" presentation. **Rochelle helped me understand how to practice, get comfortable with my presentation, and deliver a presentation that audiences enjoy.** After my last presentation several people congratulated me on being a very good public speaker!*

***Rochelle's workshop was life-changing for me! I left the workshop discovering my true passion, claiming it, learning how to express it clearly and authentically to others and learning the skills to communicate effectively. I feel confident in myself and in my plan to move forward in my life.** Thank you, Rochelle, for being just the catalyst I needed at the time I needed it. Your program and you have been invaluable to me!*

*Before attending Rochelle's workshop, I hated the thought of speaking in public. I suffered the classic symptoms of nervousness, sweaty palms, headaches, etc. It was a nightmare for me! **Rochelle taught me techniques on how to overcome my fears. I now know what to do to be a successful speaker. I have a personal story I can share and the fear of speaking is gone! The value of working with Rochelle has been life changing!***
